

ICM9I-N

ICM9I-N (#3 GAMES WIDE) INSTALLATION INSTRUCTIONS

Fits in the same hole as a 409 Original in-counter dispenser.

TAKE-A-TICKET, INC. RECOMMENDS YOU HAVE A PROFESSIONAL CONTRACTOR INSTALL THIS UNIT. HERE ARE SUGGESTIONS IF YOU CHOSE TO DO IT YOURSELF.

Note: You may want to remove the loose top glass that is taped in before you start or leave it taped in and work carefully.

#4 STEPS FOR INSTALLATION:

1. Before you cut a hole make sure you have clearance under the counter! **CHECK AGAIN!**
 - The hole size is 14-3/4" x 18-3/4" and the depth of the unit below the counter top is 11" (#3 trays hold ticket packs).
 - Note: The 18-3/4" measurement is from clerk to customer, across the counter
 - The hole should be set in at least 3" from the clerk's side of the counter so the clerks won't bump into anything extending from under the counter.
 - **MAKE SURE YOU HAVE CLEARANCE!!!**
 - Once you are sure of clearance and the hole's location check it again, and again!
2. Separate the upper and lower portions of the dispenser. Do not lose the carriage bolts, washers and wingnuts. Remove the trays from the unit and set aside.
3. Cut the hole. Wait! Are you sure about the location?
 - Hole size is 14-3/4" x 18-3/4".
 - Apply a bead of caulking around the hole on the counter surface.
 - Drop the upper portion of the dispenser with the metal frame and glass into hole. The open side with no white plastic faces the clerk's side.
4. Reattach the base of the dispenser to the upper part using bolts, washers, and nuts. There is some adjustment possible up and down for the lower unit.
 - Load the display tray and place it up under the glass. See the loading instructions. Use the numbered clips provided on the displayed tickets to make it easy for the customer to tell which ticket they want to buy.
 - Load the trays with the ticket packs. Place the tickets under the plastic rods. Do not run the tickets over the rods. Place the trays in the dispenser and lock.
 - The bottom piece of glass is sealed in place to prevent leaks under the counter. The top glass is loose to allow cleaning and replacement.
